FROM: Carol Wolenberg, Deputy Superintendent *CW*

SUBJECT: **Urgent – Short Time Line - Disposal Instructions for Commodity USDA Beef Crumbles – A717 and additional processed products identified by manufacturers for Westland Beef Recall**

Purpose

The purpose of this memorandum is to provide instructions to schools for disposing the USDA A717 Beef Crumbles that were processed by United Food Group, LLC, using the raw beef product from Westland Meat Company under a USDA processing contract. The USDA processed beef crumbles were delivered to schools by Gordon Food Service (GFS), SYSCO, and Total Logistic Control (TLC) during school year 2007-2008.

Additional processed products from Advance Foods, JTM Food Group, Kings Command, and Pierre Foods have also been identified or will be forthcoming as part of this recall. Please refer to the attached documents.

For all future products that will be identified as part of this recall, it will be necessary for schools to check the following MDE website daily for updated information regarding additional commodity and processed products:  
[www.michigan.gov/mde-recalls](http://www.michigan.gov/mde-recalls).

Overview

The USDA A717 Beef Crumbles were produced by the United Food Group on 07/19/07 under the contract lot number 12027731002. The Establishment Number for this product is EST 31835 which is located inside the USDA mark of inspection on the case of beef crumbles. **DO NOT DESTROY PRODUCTS THAT HAVE A DIFFERENT EST NUMBER.**

If schools have cases with other Establishment Numbers, the beef crumbles product would not be part of this recall. Contract numbers provided by the manufacturers identifies whether Westland beef or beef from another meat packing plant has been used to produce the processed beef products. That is why only the Establishment

Number posted is part of this recall for the beef crumble product that was made with the Westland beef.

Please use the form entitled, "**Hallmark/Westland A717 USDA Beef Crumbles Establishment Number 31835 Destruction Verification and Reimbursement Form**" to report the allowable reimbursable expenses associated with the disposal of this product. Schools must complete and submit this form to MDE in order to be reimbursed for these expenses and receive replacement commodity product if it should become available.

#### Additional Processed Products

Each of the manufacturers receiving the USDA commodity A594 coarse ground beef to make processed products are providing a list of additional products that are part of this recall. Each manufacturer will be providing the name of each product, code number, and the lot number for the production of beef products with Westland Meat. ONLY the lot numbers listed by each manufacturer pertain to this recall and should be reported on the form entitled, "**Hallmark/Westland A594 Finished Processed Product Destruction Verification and Reimbursement Form.**" **Schools must complete and submit this form to MDE in order to be reimbursed for these expenses and receive replacement commodity product if it should become available.**

It is imperative that the lot numbers found on each case of product in this recall are recorded on the attached form. USDA is requiring that MDE provide a detailed list of all products with the associated lot numbers for the recall of processed beef products. Additional processed products and lot numbers from each manufacturer will be updated daily at the following MDE website: [www.michigan.gov/mde-recalls](http://www.michigan.gov/mde-recalls).

#### Action needed

Schools that have 50 cases or less of A717 USDA Beef Crumbles with EST 31835 code inside the USDA mark of inspection and additional processed products with the lot numbers indicated from the list enclosed are authorized immediately to destroy onsite the processed products manufactured with Hallmark/Westland coarse ground beef. These products must be rendered unfit for human consumption. A sample of the EST 31835 code to be found on each case is shown below:

For 50 cases or less, your school must use the following method of product destruction described below:

- Soak the product in bleach, bag it, and place it in an onsite waste receptacle immediately prior to trash pick up. It has been recommended that green food coloring could also be added to the bleach to change the appearance of the beef.
- Destruction must be witnessed by a person of authority such as a food service director, and one other person.
- Each witness must sign the destruction verification form.
- The type of product, quantity, and destruction method must be noted on the form.

For more than 50 cases (but less than a full truckload), contact your local health department and waste management company to determine the acceptable method of disposal in your county. The following guidelines have been provided by USDA for disposal of more than 50 cases.

- Destruction of these larger quantities must be witnessed by a representative of the local health department and an official from the landfill, incineration plant, or inedible rendering plant.
- The destruction verification form must be signed by these two witnesses.
- The type of product, quantity, and destruction method must be noted on the form.

All school programs disposing of the A717 USDA Beef Crumbles and additional processed products manufactured with the Westland A594 ground beef must complete the attached forms. **It is essential that these completed forms be faxed to the Michigan Department of Education by March 3, 2008.** These forms must be completed in order for school districts to receive reimbursement for the expenses associated with the disposal of this product and receive any replacement commodity product should it become available. The information provided by the school program on the form can include any of the following reimbursable expenses related to the destruction of the A717 USDA Beef Crumbles and additional processed products made from A594 ground beef. On the forms, it is essential that the name of the distributor (GFS, SYSCO, or TLC) be identified with the corresponding contract number (A717 USDA Beef Crumbles) or lot numbers from the cases of processed product made from Westland A594 ground beef.

If your school has additional products to report from this recall after March 3, 2008, please fax that information to MDE as well at (517) 373-4022.

Schools are instructed to retain all original invoices for the reimbursable expenses that are identified upon completion of the enclosed forms.
